September 2020

Dear MCE Employees and Stakeholders:

On behalf of Maryland Correctional Enterprises (MCE), it is indeed a pleasure to present a copy of the Strategic Business Plan Fiscal Years 2021-2023 for your review. The Plan was developed by MCE employees, facilitated by the DPSCS Police and Correctional Training Commissions, and is based on the goals of: maintaining a self-supporting status, increasing inmate employment, increasing customer satisfaction, improving organizational excellence, and providing support and services for successful inmate transition to the community.

In May 2001, the first MFR Seminar was held at the Maritime Institute of Technology to review the first Business Plan published in September 2000 and to prepare for the next edition. MCE has held to this schedule ever since.

Due to the COVID-19 Pandemic, MCE's 2020 MFR Seminar was conducted remotely and focused on planning for success in this new era. Thank you to all those involved in this year's seminar.

2020 MFR Participants
Facilitators: Jennifer Beskid and Darla Rothman

Cliff Benser	Todd Deak	Mark Rowley
Ron Brown	Derek Hadley	Stephen Sanders
Ricky Budoy	Mat Hall	Thomas Seltzer
Jim Cluster	Janet Lane	Steve Shiloh
Nicole Copeland	Ashley Lohr	Verona Williams
Christine Cunningham	Ricky Rowe	

Stability has been established in working towards attainment of the long range Goals and Objectives by the accomplishment of the shorter term Strategies. However, success of the plan can only be achieved through cooperation and teamwork. Any questions or comments may be directed to myself, Ashley Lohr (410-540-5405) or Cliff Benser (410-540-5404).

Best Regards,

Stephen Sanders

Strategic Business Plan FY 2021 - 2023

MISSION STATEMENT

The mission of Maryland Correctional Enterprises (MCE) is to provide structured employment and training activities for offenders in order to improve employability upon release, to enhance safety and security, to reduce prison idleness, to produce quality, saleable goods and services, and to be a financially self-supporting State agency.

VISION STATEMENT

Transforming lives through mentoring, providing marketable skills, and instilling positive work ethics to contribute to a safer community.

VALUES STATEMENT

The following beliefs (core principles) support our mission and vision statements:

Quality and Customers - We are committed to provide our customers with the highest quality products and services in a timely manner within all areas of Maryland Correctional Enterprises.

Environmentally Friendly – We are committed to improving our environmental awareness in all areas of Maryland Correctional Enterprises.

Financially Successful - We will manage our financial resources (assets, profits, sales, cash, investments) to support existing operations and future expansion.

Transition Services - We are committed to quality training and preparation of our inmate work force to enhance their employment opportunities upon release.

Teamwork and Communications - We value each employee as an important asset in helping to achieve the mission of the agency through teamwork and effective communications.

Professionalism - We value effective leadership and strive for impartiality and fairness in the workplace. We encourage personal and professional development. We recognize and reward dedication and commitment to excellence.

UPHOLSTERY

Maryland Correctional Enterprises
Fiscal Years 2021 – 2023
Goals, Objectives, Strategies

Goal 1.1	***To maintain self-supporting status to support existing operations and future expansion.***
Objective 1.1.1	To achieve a 3% net operating income level every fiscal year through June 2022.
Strategy 1.1.1.1	*Analyze revenues and expenditures, including agency wide control of costs, on a monthly basis and take corrective action when necessary to ensure the objective.*
Performance Measure	Net operating income level achieved in each fiscal year.
Chairperson	Chief Executive Officer
Members	Chief Operating Officer, Chief Administrative Officer, Chief Financial Officer, Regional Managers, Senior Accountant, Operations Manager, Inventory Manager, Invited Guest Members

Summary of Strategy Results

	FY2014	FY2015	FY2016	FY2017	FY2018	FY2019	FY2020
Net Operating Income	**2.2%**	**2.3%**	**5.3%**	**6.9%**	**6.9%**	**2.93%**	**0.1**[1]
Adjusted Net Operating Income (after transfers)	**(1.3%)**	**0.0%**	**5.3%**	**2.7%**	**6.9%**	**2.93%**	**0.1**

Adjustments

FY2014	($1,800,000) transfer to State's General Fund in FY2014.
FY2015	($1,000,000) transfer to State's General Fund in FY2015.
FY2017	($2,500,000) transfer to State's General Fund in FY2017.

	1st Quarter	2nd Quarter	3rd Quarter	4th Quarter
Fiscal Year 2021				

The Chief Executive Officer conducts Gross Profit meetings with the Committee Members each month except for July, August, and September when financial data is not available due to the annual financial audit of MCE.

[1] MCE incurred increased, unexpected expenses as a result of the COVID-19 Pandemic beginning in March 2020.

Strategy 1.1.1.2	*Evaluate the purchasing practices of our customers to determine trends and analyze data.*
Performance Measure	Annual review of top 10 customer's data to be compared to data from three prior FYs (2018, 2019, 2020).
Chairperson	Director of Sales
Members	IT Manager, Sales Manager, Director of Marketing

Summary of Strategy Results

- FYs 18, 19, and 20 top 10 customer's analyzation and distribute of the information will be distributed in the first quarter of FY21.
- Continually Evaluating Waiver Requests / BID opportunities
  - Pursuing opportunities for interior signage (Brail). MVA and DJS potential.
- UMCP / UMBC is working with a new EProcurement platform:
  - Once our website contact is finalized, we will address the capabilities of linking into these procurement platforms.
- In May we launched COVID19 protective equipment products.
- In May we joined the Maryland Manufacturing Network.
- Monitoring Monthly Quick Ship Sales.

  – FY20 Target Goal: 1.6M

	1st Quarter	2nd Quarter	3rd Quarter	4th Quarter*	YTD
FY 19	377k	310k	360k	494k	1.5M
FY 20	426k	290k	336k	89k	1.1M
Difference	+13%	-7%	-7%	-82%	-26%

*Dramatic 4th quarter decrease attributed to COVID-19 Pandemic

- Monitoring County K-12 Sales

  – FY20 Target Goal: 2% Increase

	1st Quarter	2nd Quarter	3rd Quarter	4th Quarter*	YTD
FY 19	49k	23k	57k	65k	194k
FY 20	20k	29k	15k	23.6k	79k
Difference	-58%	+21%	-74%	-64%	-60%

*Dramatic 4th quarter decrease attributed to COVID-19 Pandemic

- Monitoring Monthly Graphics Sales
  – Utilizing report to pursue customers that have purchased from us in the past or ones that are not utilizing our graphic capabilities.
- Monitoring Weekly Open Order Reports:
  – Account reps continually review/analyze on a monthly basis.
- Monitoring Protective Equipment Sales.
- Monitoring Sales from the MD Manufacturing Network

Strategy 1.1.1.3	_Identify, share and implement quality improvements and cost reduction/avoidance programs each year._	
Performance Measure	Implement, share, document cost reduction/ avoidance and report quality assurance programs quarterly.	
Chairperson	Operations Manager	
Members	Chief Operating Officer, Director of Sales, IT Manager, Regional Managers, Plant Managers	

Summary of Strategy Results

- Quality improvement follow-up:
    - Metal Plant #124 has improved the process of installation of security cages into the DPSCS transport vehicles. MCE has eliminated the use of welding to attach the panels to the interior of the vans, using an alternative, yet secure method. Quality control checks are performed to ensure consistency. Final installation Quality Checks are performed by MCE staff, before the vehicles are released resulting in a professional, durable defect free installation.
    - Plant #112 received a quality control issue identified by Morgan State University, where fabric was coming off panels. Upon investigation, it was discovered that the plant was not utilizing enough fabric and the backing of the double-sided tape. A Five Step Problem Solving Report has been requested and new quality control checks will be implemented.

- Cost reduction: Follow-up:
    - MCE Meat Plant #125. Since adjusting the work span for this Plant from a four-day, ten hour per day schedule for a five-day, eight hour a day schedule, the need for daily overtime on Friday was eliminated. The work schedule is based on the capacity of the freezer, which coincides more with an eight hour day.

- Cost reduction and efficiency:
    - Graphics Plant #132 to 6:00am start, corresponding with the other Graphics Plants within MCIJ. The plant will continue to wok five days per week, eight hours per day, but by matching the other Graphics Plants the DOC will only require one movement for Plant start up thus reducing the cost and the need for additional manpower.
    - At the close of quarter three, MCE dramatically reduced operations as a result of the COVID-19 pandemic to enhance operational safety. The only shops continuing a full-scheduled dedicated resources to manufacturing PPE and rotating staff when possible. All MCE purchases are being reviewed by CEO and CAO to reduce unnecessary spending during the COVID-19 pandemic.
    - ECI plants have reduced operation to four days a week and work ten-hour shifts. As we have seen in other shops on the same schedule, this decreases idle time spent on shop opening and closing.

- Cost reduction through standardization:
    - At the request of the Department, MCE Graphics has standardized the form used for inmate vouchers, across all prisons. This will reduce the cost for the Department of Public Safety and improve the voucher process focusing on the SID number.

Strategy 1.1.1.4	*Annually review and audit business unit standard costs and selling prices for profitability.*	
Performance Measure		Annually review and audit business unit standard costs and selling prices for profitability.
Chairperson		Chief Financial Officer
Members		Cost Accountant, Director of Sales, Chief Operating Officer, Director of Marketing, Senior Accountant, Purchasing Manager

Summary of Strategy Results

- The Finance Department completed the following standard costs analyses:
    - Shop 140
        - 4-Part Carbonless Form - White Canary-Pink & Goldenrod
            - Item numbers 140134-A, 140135-A, 140135-B, 140135-C and 140136.
        - The resulting analysis showed that manufacturing costs have increased in the range of 79.0 -106.0% over the previous standard costs.
    - Shop 122
        - The following series of chairs supplied by OEI were reviewed due to vendor price increases.
            - Item numbers: 122017, 122018, 122013, 122014, 12274JR39XXX, and 12278JR39XXX.
        - The resulting analysis showed that manufacturing costs have increased in the range of 3.8 -28.4% over the previous standard costs. The results were forwarded to the marketing department for market studies.
    - Shop 115
        - Annapolis II series of executive desks and credenzas
            - Item numbers: 115A2EDR231, 115A2EDR113, 115A2STCFLF13 and 115A2STFCBB234.
        - The resulting analysis showed that manufacturing costs have increased in the range of 2.1 - 18.4% over the previous standard costs. The results were forwarded to the marketing department for market studies.
        - Canton Office Suite
            - Item numbers: 115LDRB33, 115VFGS11, 115LF4B33, and 115RDT36B52
        - The results of this analysis indicted an increase in the current selling prices.

- All study results were forwarded to the marketing department for market studies.

Strategy 1.1.1.5	*Network with other state correctional industries to identify best practices & additional venture opportunities.*	
Performance Measure	Compile an annual FY report identifying relevant best practices & additional venture opportunities.	
Chairperson	Chief Development Officer	
Members	Operations Manager, Chief Operating Officer, Chief Administrative Officer, Regional Managers, Director of Marketing, Plant Managers Director of Sales, Staff Development Director, Projects Consultant, Guest (Other state rep)	

Summary of Strategy Results

- MCE Staff attended multiple NCIA Webinars focusing on becoming "LEAN" and Maintaining Self-Sufficiency. Both provided valuable information and additional training opportunities will be investigated.
- An annual report of best practice research was submitted to the CEO on August 26, 2019
- MCE submitted NCIA Directory information on August 30, 2019
- NCIA held two conference calls overviewing best practices during COVID-19 crisis, one focused on the production of hand sanitizer. Continued information on production of COVID-19 supplies by CI are being shared by NCIA.
- MCE's Staff Development Director and Policies and Procedure Manager participated in the NCIA PIECP webinar on 3/26/2020. MCE will undergo a BJA audit of the Metal PIE program in late 2020. Documents for a preliminary desk audit were submitted prior to the May due date.
- Due to COVID-19, many initiatives have been placed on hold.

Objective 1.2.1	Continue to achieve annual sales of at least $50,000,000.
Strategy 1.2.1.1	A minimum of biennially review and update the Marketing and Sales Plan. A. Evaluate sales trends that have resulted from the COVID-19 pandemic. B. Evaluate marketing using existing resources to track the impact of new products resulting from the pandemic which has shifted operations.
Performance Measure	Sales achieved in each fiscal year.
Chairpersons	Director of Sales & Director of Marketing
Members	Chief Executive Officer, Chief Operating Officer, Sales Manager Operations Manager, MCE Staff

Summary of Strategy Results

Sales

FY2014	**FY2015**	**FY2016**	**FY2017**	**FY2018**	**FY2019**	**FY2020**
$51,799,493	**$54,049,268**	**$61,442,491**	**$58,951,233**	**$55,003,182**	**$52,457,137**	**$55,772,218**

	FY20	$182 thousand	$191 thousand	$175 thousand	$64 thousand	$612 thousand

*All tracking measures decreased in the fourth quarter due to negative impacts of the COVID-19 pandemic

- 2020-21 Marketing and Sales Plan, distributed in early 2020: Three goals/objectives for sales:

  - **<u>Goal 1: Increase Sales (2% goal)</u>**
    - Incoming orders Calendar Year 2020 (Jan-June): 24.5M
    - Incoming orders Calendar Year 2019 (Jan-June): 28.1M
      - 12.8% decrease (due to pandemic)
    - Customer Analysis: FYs :18, 19, 20 top 10 customer's analyzation and distribute of the information will be distributed in FY21 1st qtr.
    - Relocation of the Sales Dept. to the new showroom was in the beginning stages to implement the move in April; however, delayed due to pandemic, looking to start in 1st quarter of FY21.
    - In May Provided Sales/Design/C.S. options for protective barrier furniture we currently have to offer
    - Shop 124 developed a mobile barrier screen
    - Joined the MD Manufacturing Network
    - Reached out to vendor partners to gather info/ideas regarding barrier type furniture products (OEI, Norix, Harford Forest, Bay Products, Nightingale)
    - New Products/Services:
      - Held NPC Restart Meeting in Jan. (First Presentation Meeting to be in May)
      - We started selling COVID19 Protective Equipment
        - Sneeze Guards, Face Shields, Gowns, Hand Sanitizer, Protective Workspace Equipment, Univ. Care Packages (smaller sanitizers, custom sneeze guards
    - New brochures / email advertisements:
      - Email Blast:
        - Feb: MCE Survey
      - New Brochure:
        - UMCP Brendan Iribe Case Study
        - April: COVID-19 Chemical Offerings
        - April: COVID-19 Delay notification/Q.S. and Clearance reminder
        - May: COVID-19 Protective Equipment
        - June: COVID-19 Protective Workspace Solutions
        - June: Clearance Discounts
        - June: Return to Office Needs Survey
        - June: Back to Work Essentials
    - New Panel Fabrics Selected for Contract
    - New Customers
      - 2019 - 2020 Total: 61

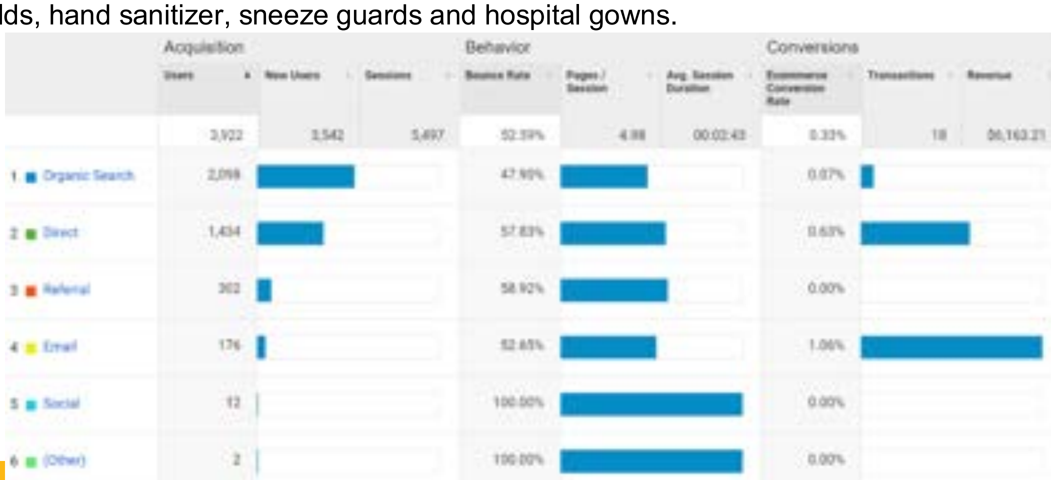
- **Goal 2: Training Opportunities**
  - 2019 Oct – Dec:
    - Dec. Shop 113/147 Training (Mailing & Distribution/ Data Entry)
  - 2020 Jan. - March:
    - Jan: OEI Cubical Training
    - Monthly Security Awareness Training
    - Initial tablet training
  - 2020 Jan.-Dec.
    - Google Training Opportunities
    - Monthly Security Awareness Training
    - Sexual Harassment Training

- **Goal 3: Explore Possibilities of Expanding Technology**
  - Tablets: All tablets have been provided to Sales and part of C.S./Install Coordinators.
    - Working with IT to get laptops for the Design team and tablets for the remaining C.S. staff
  - SalesForce while in discussion, has been put on hold due to COVID-19
  - Microsoft Project Software was ordered and not installed due to COVID-19.
  - Started discussions with IT regarding external hard drive implementation for all MCE orders. Process on hold due to pandemic.

- Under a more aggressive plan – sending out weekly emails including re-engagement emails; providing the Account Representatives with marketing collateral to help them in the sales process.
- Google Analytics has been utilized recently, enabling MCE to track conversations and revenue. During the first 28 days of use, users (people who visit our website) have grown by 55%. In addition, 47% have come to our website by searching for us organically and 44% have come to our website by typing in the URL www.mce.md.gov.
  - Google Analytics data
    - Sessions by device:
    - 76.5% (down by 3.5 %)
    - Mobile 20.1% (up by 2.7%)
    - Tablet 3.3% (up by 1.2%)

  - The top channel for driving users to our website is organic. The top 3 search words are:
    - MCE
    - Maryland Correctional Enterprises
    - Amazon

- Last Quarter, after sending consistent emails traffic to the website has increased, resulting in purchases of face shields, hand sanitizer, sneeze guards and hospital gowns.



Objective 1.3.1	Improve MCE's visibility among our customer base and other stakeholders.		
	Strategy 1.3.1.1	Identify and educate customers and stakeholders.	
		Performance Measure	Develop/update presentations to adapt to the changing environment that may require social distancing and other personal protective measures.
		Chairpersons	Director of Sales & Director of Marketing
		Members	Operations Manager Regional Managers, Sales Manager, Chief Development Officer, Director of Reentry Services, Design Representative, Staff Development Director, Guest

Summary of Strategy Results

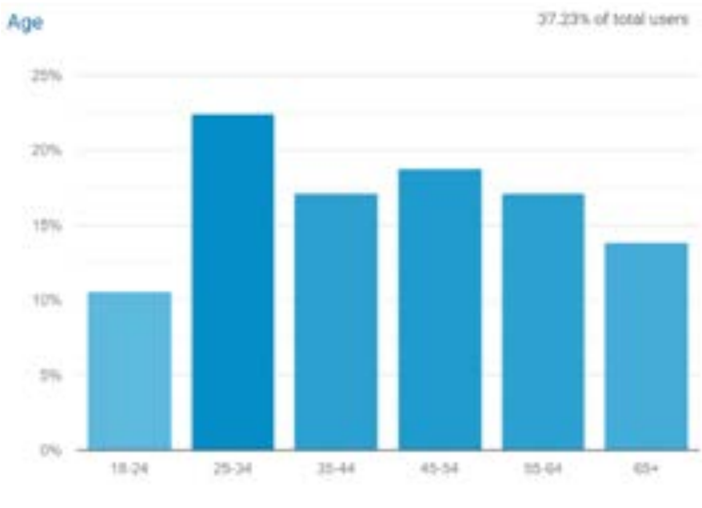
- Detailed performance measures were established:
    - Conduct one institution tour a quarter to a new group of customers.
    - Send out monthly sales emails to our customer contact list.
    - Do eight presentations annually to new customers/stakeholders.
    - Director of Sales and Director of Marketing attends one new networking event per quarter to create new business opportunities.
    - Exhibit at 10-12 conventions per year.
    - Host a bi-annual Clearance event at the Brock Bridge Road Warehouse and Showroom (Spring 2020 and Fall 2020).
    - Advertise in the NCIA directory.

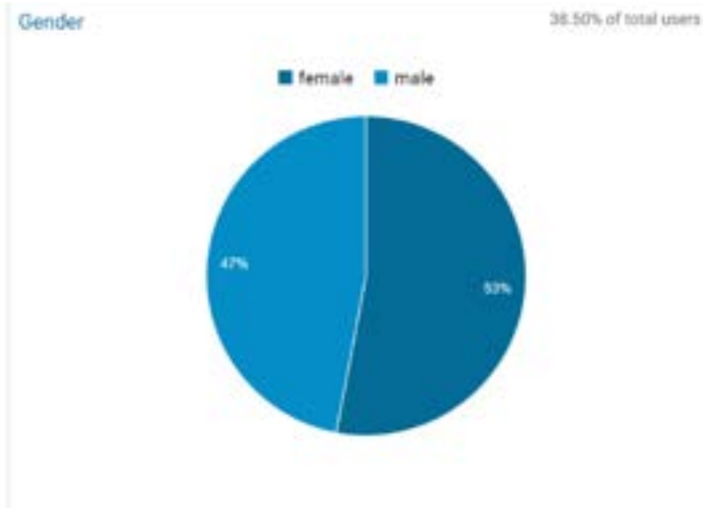
- FY2020 Conventions:

• Corporate Philanthropy	July 18, 2019	Baltimore, MD
• MD Association of Counties (MACo)	August 14-16, 2019	Ocean City, MD
• Maryland Association of Boards of Education (MABE)	October 2-4, 2019	Annapolis, MD
• DNR Maryland Park Field Savers Day	September 25, 2019	Boonsboro, MD
• Association of School Business Officials (ASBO)	October 25-28, 2019	National Harbor, MD
• Re-Entry Symposium	January 6, 2020	Baltimore, MD
• Annapolis Showcase	January 23, 2020	Annapolis, MD

- Tours:
    - DGS toured MCE JCI shops
    - Judiciary Committee toured MCIW and MCIJ
    - Eastern Shore Legislatures EI
    - MVA toured JCI
    - DJS New Showroom Tour
    - MSU toured MCI-H and MCTC shops
    - DGS toured showroom
- Presentations
    - Nov: UMCP (Asst. V.P. Procurement & Strategic Souring)
    - Nov: Hagerstown Community College (President and Staff)
    - Jan. 6th: Re-entry Champion Employer Symposium
    - Jan. 17th: Conference Call Information on MCE to NIC/Philcor
    - Jan. 9th: New Products Committee Meeting
    - Feb. 24th: Green Purchasing Committee Meeting
- Email blasts:
    - Email Blast 1: MCE Catalog Announcement, 765 recipients, 413 email opens (27%), and 36 clicks (3%)
    - Email Blast 2: MCE Flash Sale to Wardens, 24 recipients, 17 email opens (70.8%)
    - Email Blast 3: MACO Summer Conference, 763 recipients, 299 email opens (25%)
    - Email Blast 4: MCE Catalog Now Available, 982 recipients, 299 opens (31%)
    - Email Blast 5: MCE MABE Annual Conference Follow-Up, 9 recipients, 8 opens (63%)

- We have an idea of who our target market is. See the Google Analytics data below. This is a small snapshot of who are audience is because most purchases are not made on our website.





Goal 2.1	***To maximize inmate employment by providing occupational skills and training.***
Objective 2.1.1	Continue to employ inmates while maintaining a safe staff to inmate ratio.
Strategy 2.1.1.1	*Investigate inmate employment opportunities based on industry standards as recommended by National Institute of Corrections and National Correctional Industries Association (NCIA).*
Performance Measure	Maintain an appropriate number of civilian staff members in order to ensure a safe, secure, & efficient workplace for staff and inmates while adhering to recommended personal protective measures during a State or national emergency.
Chairperson	Chief Executive Officer
Members	Chief Operating Officer, Operations Manager, Chief Development Officer, Staff Development Director, Regional Managers, Plant Managers

Summary of Strategy Results

Inmate Employment

FY2014	FY2015	FY2016	FY2017	FY2018	FY2019	FY2020
2,091[1]	**2,041**	**2,035**	**2,042**	**1,719[2]**	**1,516[3]**	**821[4]**

NOTES:

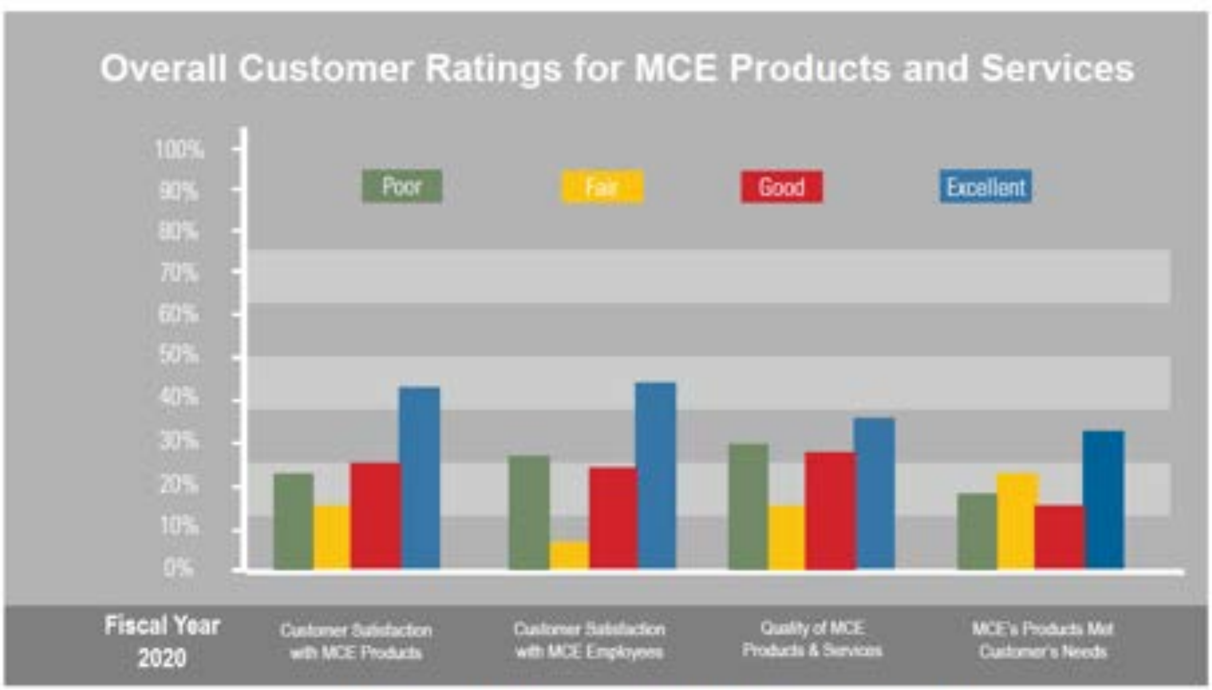
1. MCE was forced to close its Upholstery Plant at NBCI in October 2013 due to the continuing Lock-down situation at that Institution. This action resulted in the loss of 25 inmate positions.
2. MCE has a current vacancy rate of 25%. Recruiting difficulties negatively affected FY18 inmate employment.
3. MCE Field Staff directed to NOT EXCEED 1:20 staff to inmate ratio. MCE has a current vacancy rate of 25.8%. Recruiting difficulties continue to negatively affect FY2019 inmate employment.
4. Due to plant closures and staff reductions as a result of COVID-19 precautions, MCE has experienced a dramatic drop in inmate employment. At the direction of DPSCS, ten business units remained closed as of 6/30/2020.

Strategy 2.1.1.2	*Develop private industry partnerships.*
Performance Measure	Pursue PIE partnerships each fiscal year.
Chairperson	Chief Development Officer
Members	Executive Director of Management Council, Chief Operating Officer Projects Consultant, Staff Development Director, Policy & Procedures Manager, Appropriate Plant Manager(s), Operations Manager

Summary of Strategy Results

- MCE met with Tom James on July 18th and August 7th. No immediate interest in a PIE partnership, but opportunities may arise in the future. The company is interested in hiring returning citizens.
- MCE held a conference call with MidAtlantic Farm Credit on August 20, 2019 to explain PIE Program. There were no plausible partnerships identified currently.
- New PIECP Literature has been developed and is available on the website. Once staffing reaches adequate levels, MCE will work on promoting PIE programs.
- On March 3rd, MCE held a conference call with Vision Technologies, Inc. for a potential opportunity in which inmates would prefabricate IT wiring. A follow up meeting was to be scheduled; however, investigation has halted due to the COVID-19 pandemic.
- On July 9th, MCE participated in a Visioning Session with the Governors Workforce Development Board (WFDB). During the session PIE opportunities were discussed and information will be shared with local businesses.
- Once normal operations resume, MCE will investigate additional PIE opportunities utilizing both the customer and employer models.

Goal 3.1	***To increase customer satisfaction.***
Objective 3.1.1	Determine customer satisfaction factors and take appropriate steps to address these issues.
Strategy 3.1.1.1	*Annual customer survey to identify areas of customer needs.*
Performance Measure	Review survey results and analysis annually.
Chairperson	Director of Marketing
Members	Customer Service Manager, IT Manager, Regional Managers, Sales Manager, Director of Sales, Operations Manager, Warehouse Managers



The majority of respondents rated MCE Good or Excellent in Customer Satisfaction, Prices, Quality and Delivery Time.

Objective 3.1.2	To continue to improve MCE delivery time.		
	Strategy 3.1.2.1	Weekly evaluation of overdue orders.	
		Performance Measure	Actual delivery times and weekly value of overdue orders.
		Chairperson	Chief Operating Officer
		Members	Operations Manager, Regional Managers, Warehouse Managers Director of Sales, Administrative Assistant to COO

Summary of Strategy Results

- MCE implemented a new, automated delivery tracking system. This new process has resulted in increased delivery times, as MCE is no longer excluding the Annapolis Furniture line and other miscellaneous products from the report. The new report is also based on invoice date, rather than delivery date that may account for a one-day variance. Although the delivery times have increased, this method improves the accuracy in data analysis. Despite the increase, over 90% of MCE's deliveries occur on time, in 90 days or less.
- The overdue order report is generated and reviewed weekly. As of January 13, 2020, the weekly comparison of orders over ninety days old was reduced by $453,854.00 or 47.48%.
- MCE experienced increased delivery time in FY20 due to state closures. Many state agencies were not accepting orders, resulting in increased delivery times. In addition, continued closures at furniture, textiles, and graphics plants have resulted in increased production times. Despite these factors, nearly 90% of all MCE deliveries remain on time.

Average Delivery Time (Days)

FY2014	FY2015	FY2016	FY2017	FY2018	FY 2019	FY 2020
31.3	25.4	22.3	22.9	24.4	27.4	42.1

AVERAGE DELIVERY TIMES

Graphics – 4.9 Weeks	**Textiles – 8.5 Weeks**	**Furniture – 9.6 Weeks**	**Miscellaneous – 3.3 Weeks**

Strategy 3.1.2.2	Evaluate the MCE quick ship product line.	
	Performance Measure	Annually review the MCE Quick Ship product line based on customer requests and needs.
	Chairperson	Operations Manager
	Members	Director of Sales, Director of Marketing, Warehouse Managers, Plant Managers, Regional Managers, Cost Accountant

Summary of Strategy Results

- FY20 Quick Ship sales were $1.1 million which were down $400,000 from last year as a result of reduced 4th quarter sales. This is largely attributed to the COVID-19 pandemic.
- MCE raised par levels on specific quick ship products to meet customer demand. We have made this decision based on statistical data. This will increase our minimum allowable order for Quick Ship products from five to ten units per order (except for Annapolis II desks).
- The Alta standard leg will replace the Alta sled-based chair, as this product has been discontinued.
- Two “office in a box” options will be created for customers in order to help our customers select and purchase office needs from MCE in one convenient package, delivered within fifteen business days or less.
- We have unofficially added several COVID-19 Response Items to our quick ship offerings. While quantities are available, the following ship in 15 days or less:
    - Personal cotton sneeze guards (facemasks)
    - Face shields
    - Reusable hospital gowns
    - Alcohol based hand sanitizer gel

Objective 3.1.3	Use of technology to enhance customer service and satisfaction.			
	Strategy 3.1.3.1	Improve MCE's infrastructure to align all processes which provide enhanced internal and external customer service.		
		Performance Measure	Actual delivery times and weekly value of overdue orders.	
			Chairpersons	Chief Administrative Officer and IT Manager
			Members	Director of Sales, Customer Service Manager, Director of Marketing, Warehouse Managers, Chief Financial Officer Chief Operating Officer, Operations Manager, Regional Managers, MCE Staff

Summary of Strategy Results

We are continuing with the objective efforts to improve MCE's information technology infrastructure.

- After approval from the Board of Public Works to hire during July and August Agile PM interviews were conducted. A total of ten candidates were interviewed and the interviews yielded three candidates that ranked highly for further consideration.
- December: The initial candidate for Project Manager declined the offer. We are continuing to move forward with the 2nd Candidate.
- On December 5th, - We met with Director of DoIT's Program Management Office to go over the next steps for moving the project forward.
- On December 23rd, Jamaal Boynes a temporary IT Technician has joined the MCE IT team to help manage, support and maintain the MCE's IT assets and technologies used by our MCE users for their day to day production and operations use.

  Additional efforts to improve MCE's infrastructure includes the implementation of a new CSR and ERP system.

- In September, Skyline Technology Solutions provided the first drafts of the CSRs the Consulting Services Request through Network Maryland for the work to begin the building of the MCE statewide intranet. This infrastructure is critical for the implementation of the ERP. Skyline Technology Solutions submitted a CSR for the following MCE sites:

  SITE 1: HQ (7275 Waterloo Rd, Jessup, MD)
  SITE 2: ECI (30420 Revells Neck Rd, Westover, MD)
  SITE 3: JCI (7805 House of Correction Rd, Jessup, MD)
  SITE 4: MCI-J (7803 House of Correction Rd. Jessup, MD)
  SITE 5; MCI-W (7943 Brockbridge Rd Jessup, MD)

- On February 9th, DoIT's Dr. Scott A. Bernard the State's Chief Enterprise Architect has committed to assist us with the ERPIP technical solution efforts. Dr. Bernard will be reaching out to other state correctional industries principals to help gather technical information on the various ERP and manufacturing enterprise systems that are being utilized throughout the country.
- The Board of Public Works has approved the RFR to hire the 2nd Project Manager Candidate for the ERPIP.
- On May 13th, William Mark Conrad from Business Solutions Group (BSG) was on boarded as the 2nd Project Manager for the ERPIP.
- DoIT Office of the Enterprise Architect (OEA) completed a Solution Assessment for the MCE proposing an Enterprise Resource Planning System which recommends that MCE implement Global Shop Solutions (GSS) as the replacement ERP. This proposal was submitted and approved by the Secretary of DoIT.
- Since being on boarded, the PM revised all existing ERPIP documentation and provided decision support analysis leading to a decision to reset the focus on pursuing a sole-source procurement of GSS without publication of a standard RFP. The team solicited and received three proposals from GSS to use in our procurement activities.
- On June 26th, MCE IT and Skyline Technology Solutions submitted the Network Service Requests (NSR) to DoIT requesting NetworkMD network services for MCE sites moving MCE forward in building the MCE statewide intranet.

Strategy 3.1.3.2	Develop key performance indicators to be incorporated into metrics to measure customer satisfaction.	
Performance Measure	Develop key performance indicators by June 2021.	
Chairpersons	Chief Administrative Officer and IT Manager	
Members	Director of Sales, Customer Service Manager, Director of Marketing, Warehouse Managers, Chief Financial Officer, Chief Operating Officer, Operations Manager, Regional Managers, MCE Staff	

Summary of Strategy Results

- We are in the process of developing a customer satisfaction survey (CSAT) to measure past and current customer experiences and expectations. The CSAT will be used to obtain measurable data which should help the Information Technology department better understand customer satisfaction levels with our products, services and experiences.
- Development continues on the customer satisfaction survey (CSAT) to measure past and current customer experiences and expectations. The CSAT will be used to obtain measurable data which should help the Information Technology department better understand customer satisfaction levels with our products, services and experiences.

Goal 4.1	**To improve organizational excellence.**
Objective 4.1.1	Continue to establish and implement additional initiatives to improve teamwork and morale.
Strategy 4.1.1.1	Identify opportunities to improve staff development.
Performance Measure	Develop and implement a staff development and/or field training program.
Chairperson	Staff Development Director
Members	Operations Manager, Director of Sales, Plant Managers, Regional Managers, Director of Re-entry, Chief Administrative Officer, Account Representative

<u>Summary of Strategy Results</u>

- MCE is exploring Lean Manufacturing Certification for staff.
- Awaiting staffing improvement and training survey results to develop new programs.
- The 2020 Training Needs Assessment was distributed to staff. 83 responses were received. The majority of the participants are interested in training covering the following areas:
    - Business and Leadership
    - Productivity and Office Suite
    - MCE Specific Training
- Staff Development Director position was created.
- The 2020 ACA Training Packet has been moved to a digital format.
- DPSCS pre-service has been converted to an online training format for three days and a self-study packet for two days.
- All MCE staff will be required to participate in a two-hour Sexual Harassment Training.
- Research will continue for lean manufacturing training, updated field training, and updated orientation schedules.
- MCE HQ staff have been converted to teleworking capabilities as a result of the COVID-19 pandemic. The IT team was instrumental in acquiring resources needed to extend these capabilities.
- Staff on Administrative Leave may be assigned to other state agencies during the Pandemic.
- Free training opportunities have been distributed to staff.
- MCE is looking to update orientation and field training for FY21.
- MCE has been placed under the state hiring freeze. One employee was hired during the fourth quarter; we are awaiting an exemption to hire four additional staff members.

Objective 4.1.2	Explore opportunities to utilize technology to enhance opportunities to improve communications between headquarters and field staff.		
	Strategy 4.1.2.1	*Identify opportunities to improve communications between headquarters and field staff.*	
		Performance Measure	Explore opportunities to improve communications between headquarters and field staff.
		Chairpersons	Director of Marketing and Staff Development Director
		Members	Chief Operating Officer, Operations Manager, Regional Managers, Plant Managers

Summary of Strategy Results

- We are continuing to send out the newsletter.
- New employee announcements, promotions, and internal events.
- We are continuing to host town hall meetings.
- We are continuing to send out the newsletter
- New employee announcements, promotions and internal events.
- We are continuing to send out the newsletter.
- New employee announcements, promotions, and internal events.
- We are continuing to send out the newsletter. It is now being sent out digitally.
- We have added all MCE staff to the marketing/sales email distribution list.

Objective 4.1.3	To ensure a safe working environment for all staff, inmates, and visitors.		
	Strategy 4.1.3.1	*Establish policies and procedures in accordance with Centers for Disease Control and Prevention (CDC) guidelines.*	
		Performance Measure	Implement developed policies and procedures.
		Chairperson	Policy and Procedures Manager
		Members	Chief Executive Officer, Chief Operating Officer, Regional Managers, Chief Administrative Officer, Operations Manager, Chief Development Officer, Staff Development Director

NEW STRATEGY DEVELOPED AT 2020 MFR SEMINAR

Strategy 4.1.3.2	*Ensure adherence to policies and procedures.*	
	Performance Measure	Audit adherence to established policies and procedures.
	Chairperson	Policy and Procedures Manager
	Members	Chief Executive Officer, Chief Operating Officer, Regional Managers, Chief Administrative Officer, Operations Manager, Chief Development Officer, Staff Development Director

NEW STRATEGY DEVELOPED AT 2020 MFR SEMINAR

Objective 4.1.4	Maintain ACA Accreditation.			
	Strategy 4.1.4.1	_Maintain ACA performance compliance annually._		
		Performance Measure		Maintain ACA accreditation.
			Chairperson	Policy and Procedures Manager
			Members	Chief Executive Officer, Chief Operating Officer, Regional Managers, Chief Administrative Officer, Operations Manager Chief Development Officer, Staff Development Director

Summary of Strategy Results

- A review of potential training opportunities for both HQ and Field staff continues. Areas of possible training include: general safety, ladder safety, office programs (Word & Excel), Bloodborne Pathogens.
- Safety Inspections have taken place at ECI and will be continuing over the coming months, to finish out the calendar year.
- ECSO meeting most recently held focused on the continued inspections for Health and Safety being done by DPSCS & SERMA at facilities around the state.
    - Notice has come that ECI and Hagerstown will be inspected within the next month.
- Additional information included the distribution of NARCAN to facilities and identification of gaps in coverage for later distribution.
- Completion and distribution of the Emergency Response Binder:
- Completed the safety inspections of all MCE plants, confirming overall compliance with OSHA, MOSH, and ACA Standards.
- Began gathering and preparing supporting documents to satisfy the 2019 ACA requirements.
- Continued the review of MCE policies and procedures to determine any gaps that will need to be addressed in 2020.
- Continued communication and collaboration with the ECSOs at facilities where MCE has production or warehouse locations.
- Gathered data and submitted annual ACA report for compliance.
- Gathered and submitted MDE/EPA report for waste disposal.
- Annual MOSH/OSHA 300A forms completed and distributed to plant managers to be posted.
- Successful fire drill completed for Quarter.
- Completed the safety inspections of all JCI plants, confirming overall compliance with OSHA, MOSH, and ACA Standards.
- Compliance documents and review of Tool Control policy received and logged for all shops.
- Policies and Procedures Manager Christine Cunningham became OSHA (10 Hours) Certified.
- Memos generated and distributed related to the COVID-19 requirements around social distancing, safety and awareness.
- Posted safety posters related to preventing the spread of COVID-19 and other viruses.
- Continued to monitor information related to COVID-19 and distributed information from CEO and DPSCS.
- Ensured that all Regional Managers and Shop Managers were aware of social distancing and PPE guidelines to ensure a safe work environment for civilian employees and inmates.
- Developed SDS for New Hand Sanitizer product.
- Began providing information related to fire and environmental to Safety precautions to DPSCS Risk Management in the form of a monthly report.
- Crafted memo outlining safety precautions established around manufacturing and delivering goods to customers.
- Began tracking of field staff tested outside of the correctional institutions and forwarded results to DPSCS Health for tracking.
- At the very end of June, distributed memo requiring the testing of employees prior to returning to work.
- Throughout the Quarter, continued monitoring several organizational websites to ensure that we are up to date on any COVID-19 guidance on returning to work, continuing to work, and manufacturing operations. Any pertinent information was disseminated to CEO, CFO, and Staff Development Director for review before distribution to employees.
- Continued to participate in OSHA webinars to stay up to date on any developments in workplace safety and distribute to staff as necessary.

Objective 4.1.5	Continue the employee recognition program.
Strategy 4.1.5.1	*MCE has an employee recognition program.*
Performance Measure	Continue the employee recognition program.
Chairperson	Account Representative
Members	Committee Volunteers

Summary of Strategy Results

- Employee Recognition Program began in September. Information was sent via Email to all of MCE.
- We have awarded the first two winners of Employee Recognition FY20.
- MCE plans to select an Employee of the Year at the end of FY20; criteria will need to be established.
- Program on hold due to COVID-19 and will restart in FY21.

Objective 4.1.6	Streamline paperwork by updating policy and procedures across all units, including digital access.
Strategy 4.1.6.1	*Evaluate documents that are currently being used for effectiveness.*
Performance Measure	Create uniformity in paperwork, policy and procedures.
Chairperson	Chief Development Officer
Members	Chief Operating Officer, Chief Administrative Officer, Operations Manager, Policy & Procedure Manager, Plant Managers Regional Managers, Departmental Managers, IT Manager

Summary of Strategy Results

- The Policies and Procedures Manager has updated a majority of active policies. All revised policies contain links to standard forms.
- New procedure for Storing & Retrieving Work Orders was implemented on September 24, 2019.
- The Policies and Procedures Manager continues to update policies as needed.
- New Weekly Safety Inspection sheet created and distributed.
- The Policies and Procedures Manager will perform annual review of all policies to ensure they align with current practices.
- The Policies and Procedures Manager submitted the annual MCE forms report to DPSCS.

Strategy 4.1.6.2	*Develop a plan to digitize records by June 2021.*
Performance Measure	Create uniformity in paperwork, policy and procedures.
Chairperson	Chief Development Officer
Members	Chief Operating Officer, Chief Administrative Officer, Operations Manager, Policy & Procedure Manager, Plant Managers Regional Managers, Departmental Managers, IT Manager

Summary of Strategy Results

- The MCE Fiscal and Projects Departments are working towards digital filing.
- The Policies and Procedures Manager is working with the GPS Unit to update and modernize the retention schedules for MCE.
- 2020 ACA Training Packets will be submitted digitally.
- Paperless process for invoicing inventory, etc. will require the implementation of a new ERP system.
- Electronic signature software is being investigated.
- Teleworking operations have begun as a result of COVID-199; many operations are being completed electronically.
- Inmate payroll is being submitted electronically using the X Drive. This will be done for many other reoccurring reports to prepare for the implementation of the new ERP system. Future efforts will be based on anticipated needs of ERP.
- MCE purchased AdobeSign software to allow digital signatures. Ten users can be assigned to the account.

Goal 5.1	**To provide support and services for successful inmate transition to the community.**			
	Objective 5.1.1	Monitor, evaluate, and enhance MCE CARES.		
		Strategy 5.1.1.1	*Partner with State, county, and local organizations to increase the effectiveness of the CARES program for eligible participants.*	
			Performance Measure	Monitor the outcomes established by MCE CARES (Enrollment, Completion, Employment, Recidivism).
			Chairperson	Director of Re-Entry Services
			Members	Chief Executive Officer, Chief Development Officer, Chief Operating Officer, Executive Director of the Management Council

Summary of Strategy Results

- The Client Services Specialist will conduct the InsideOut Dad Program.
- A new Business Development Coordinator started on September 18th and will instruct Employment Readiness.
- Only three participants remain in the class; graduation is scheduled for December 5, 2019.
- During the Fall of 2019, The CARES program implemented the planned expansion to MCI-H and began to recruit participants. In cooperation with DPSCS, an office was set up in Warehouse # 152 in January 2020 for the new reentry director.
    - In partnership with MCI-H case management, Horizon Goodwill, Gatekeepers, Inc. and Wells Fargo, a solid curriculum was developed which included workforce development, financial literacy, and a cognitive behavioral program. 18 men were enrolled. These classes, slated to span over several months, were to begin on March 18th, but have stalled due to the COVID-19 protocols.
- Effectiveness of any reentry program depends on cooperation from multiple sources and agencies. In anticipation of preparing our MCE inmate employees for release, we are also working with the new DPSCS Transitional Coordinator, the Joint Skills Training Program, (JSTP) and the Maryland Department of Labor (MDDOL). The added stressors resulting from the pandemic's impact on the economy, will increase the need to work collaboratively and strategically to assist returning citizens in obtaining employment.
- Two community nonprofits, Project Evolution and The Community Grace Church, contacted us to express their interest in helping our reentering population when they return to their communities.
- In conjunction with MCE plant Management, institutional case management, social workers, transitional coordinators and the Office of Data Development, we have been able to identify former and current MCE workers with at least six months of successful experience who are nearing release. Eligible participants are offered reentry services to ensure returning citizens have needed documentation (social security card and birth certificate), home plans, and transportation to their homes on the day of release.
- The Hagerstown Team social work supervisor included us as part of their statewide team of those providing transitional services. We will be on monthly conference calls seeking to find logistical solutions to issues that arise during the month.
- Project Evolution from Prince George's County generously made Hygiene Kits for dispersal to MCE employees on their day of release. We are awaiting approval from MRDCC to begin disbursement of these kits.
- Contact was made with two men who graduated our 2019 CARES class and who are no longer in an institution. The first graduate has steady employment, received an excellent performance review, and is doing well according to family and his parole agent. A second graduate is on home detention and is attempting to apply online for his social security card and birth certificate. As soon as he can work, he can reduce his sentence by 10 days per month.

Strategy 5.1.1.2	*Identify additional locations/populations in FY21.*	
Performance Measure		Monitor the outcomes established by MCE CARES (Enrollment, Completion, Employment, Recidivism).
Chairperson		Director of Re-Entry Services
Members		Chief Executive Officer, Chief Development Officer, Chief Operating Officer, Executive Director of the Management Council

Summary of Strategy Results

- MCE received approval from the Warden on September 18, 2019. The Executive Director of the Management Council will handle recruitment for the next class start of CARES at MCIH.
- Ideally, we would like to be able to offer C.A.R.E.S. classes to most of our pre-release workers. For the immediate future, we will investigate the feasibility of offering the C.A.R.E.S. program at MCI-W and MCI-J. It is important that C.A.R.E.S. classes augment, and not replace, any beneficial classes. Both institutions house motivated individuals demonstrated by employed with MCE, and enrollment in the Goucher College program. Prior to implementation, MCE will assess the level of interest and the number of workers at each institution who are eligible to participate.
- Our priority is to ensure that the C.A.R.E.S class that was scheduled to begin on March 18, 2020 at MCI-H begins and is completed. We are looking into alternatives to conduct the class.
- We will need to examine budgets and class availability prior to planning for new CARES class locations. As soon as safely possible, we will be visiting MCI-W, MCI-J, and discussing potential plans and partnerships for the Brock Bridge Pre-release Center.

Strategy 5.1.2.1	*Identify businesses, State agencies, and community partners as resources for inmate workers upon release.*	
Performance Measure		Continue to develop business partners and assess the economic needs of the re-entering inmate population.
Chairperson		Director of Re-Entry Services
Members		Chief Executive Officer, Chief Development Officer, Chief Operating Officer, Executive Director of the Management Council

Summary of Strategy Results

- MCE conducted a tour for Tom James on August 7, 2019. They are interested in hiring former offenders returning to or willing to work in Carroll County.
- MCE met with Hand B. Services on August 14, 2019. They are planning to create an employee reentry program. MCE has asked that they share future programming information.
- MCE is awaiting a tour of the National Center on Institutions and Alternatives training facility.
- "Reform Installation" expressed interest in becoming a hiring partner. The Installation Manager is a former MCE worker.
- "Sudano's Produce" is interested in being an MCE hiring partner. Contact information was distributed to Plant Managers and the DRCF work-release coordinator.
- As of March 2020, about 40 businesses are identified in Washington County as those who hired people with backgrounds.
- In February 2020, we discovered an older list of 60 businesses with whom we had some relationship and who were willing to hire justice-involved individuals. These companies covered the counties of Montgomery, Prince George's, Anne Arundel, Howard, Baltimore City, and Baltimore County. We commenced a call campaign to verify whether those businesses currently did employ or would continue to hire. The vast majority said they do and would continue. We also verified their locations and contact information. Current vacancies were documented and shared. A few larger companies said they would no longer hire those with backgrounds.
- Particularly with the current health crisis, and in an ongoing effort to support employment opportunities for MCE employees through the C.A.R.E.S. program, we began to explore additional avenues through the re-invigoration of the DPSCS/MDDOL Apprenticeship programs. When we are fully operational, there is a waiting list for MCE plants and shops. Apprenticeships can offer a vast array of skills that can be taught and practiced while

expanding connections to the employment network. We will be meeting with the DPSCS Director of Correctional Education and the MDDOL Director of Apprenticeship Training.

- As reentry plans are formulated, several MCE staff have indicated that they will have employment upon release from their institutions.
- The Reentry Director connects with family members listed on the reentry plans, to verify all aspects of the plan including employment.
- There are now five regional Reentry Navigators for the Maryland Department of Labor. After a recent conference call, a referral process was established, whereby we can connect those near or post release, or on home detention. Navigators sign participants onto Maryland Workforce Exchange, (MWE) aide in writing and posting resumes at the American Job Centers and connect people with employers with whom they have established relationships. Distribution and logistics are two of the emerging employment opportunities
- Since one of the goals of MCE is to provide valuable training that can lead to future employment, it is noteworthy that even in these difficult times, Warehouse # 152 was able to certify 18 men on the forklift.

Objective 5.1.3	Increase modern, technical training opportunities for inmates.
Strategy 5.1.3.1	*Identify opportunities to modernize manufacturing equipment and software.*
Performance Measure	Review equipment and software requests on a bi-annual basis.
Chairperson	Chief Operating Officer
Members	Chief Executive Officer, Chief Development Officer, Chief Information Officer, Regional Managers, Relevant Plant Managers Property Manager, IT Staff, Director of Re-entry Services, Operations Manager

Summary of Strategy Results

- No new initiatives in the first quarter.
- MCE continues to purchase new state of the art equipment and software when replacing old equipment with the training of our inmate workforce in mind. The following list covers but a few examples of this initiative:
  - Graphics Plant #11, new laser engraver
  - Graphics Plant #111, new computerized CNC router
  - Graphics Plant #132, new high speed, color and black and white copiers
  - Furniture Manufacturing Plant #115, new edge bander with Windows operator interface
  - Furniture Manufacturing Plant # 146, CNC and control center software upgrade
  - Textiles Plant # 142, new high efficiency pant pressers
  - Continued use of the Adobe Creative Cloud Graphics Design program to support our Graphics Design and Graphics Plants by using a program designed for Government entities that does not require constant connection to the internet. This initiative allows MCE to be current and competitive while providing training and experience for our inmate offenders who will find this experience invaluable upon release.
  - Continued use and upgrades of the CAD design programs used in our Design Plant. This training program featured by MCE is used to plan million-dollar Capital Projects. Inmate workers who excel in this program are likely to find job opportunities upon release in a specialized field of employment. Examples of this opportunity and training can be seen at MCE HQ where x-offenders are employed in their field.
  - Textiles: future investment planned for a state-of-the-art computer, CNC fabric cutter.
- Plant # 124 Pie Program. Production of prefabricated wiring units for construction.
- MCE spending will be reduced as a result of decreased production and sales during the COVID-19 pandemic. The following items were procured to provide essential services during the health crisis:
  - Plant 123 – A new Hand Sanitizer Business Unit was constructed utilizing tent rentals. MCE procured necessary flame-resistant materials, an explosion proof mixer, and two fill stations to facilitate this operation. Prior to production, MCE received approval from the State Fire Marshall and Kibart Consulting Engineers.
  - Plant 125 – A new Vacuum Stuffer was procured to replace the broken equipment at the Meat Plant.
- Attachments (spiral bits) were purchased for CNC routers at Plant 146 to assist in cutting and shaping polycarbonate for new desktop sneeze guard prototypes. Plant 115 will also make these items when operations resume.

Objective 5.1.4	Develop post-incarceration follow-up with MCE CARES alumni.		
	Strategy 5.1.4.1	*To be discussed at FY21 MFR.*	
		Performance Measure	Convene a committee to discuss development of post-incarceration follow-up for MCE CARES.
		Chairperson	Director of Re-Entry Services
		Members	TBD

Summary of Strategy Results

- This will remain on the agenda for the FY2020 MFR seminar.
- We are already working with the DPSCS Office of Data Development to ensure that we can track outcomes of MCE employees who have been released into the community. We will be focused on those who had a minimum of one year of employment with us.
- We will be continuing to expand our relationships with DPP for post-release communication, and case management, plus regional transitional coordinators, and our MDDOL partners for pre-release. This will allow us to suggest vital resources and to keep track of compliance progress and changes of contact information or housing locations after release.
- With the combination of using comprehensive, pre-release reentry plans, and in collaboration with our state agencies, we aim to keep in contact with released employees and invite them to supportive, attend alumni events.
- Explore the possibility of former MCE inmate employees becoming peer mentors for those who will be returning citizens soon.
- Due to current COVID restrictions, this objective is on hold. The Marketing Team is working on a project to share success stories of returning citizens.
