GENERAL INFORMATION

WORKFORCE INNOVATION & OPPORTUNITY ACT (WIOA)

The Workforce Innovation and Opportunity Act (WIOA) was signed into law on July 22, 2014, and went into effect July 1, 2015. WIOA supersedes the Workforce Investment Act of 1998 and amends the Adult Education and Family Literacy Act, the Wagner-Peyser Act, and the Rehabilitation Act of 1973. To help both businesses and job seekers meet their needs, the workforce system established under WIOA is integrated by design. WIOA envisions connecting businesses with job seekers through meaningful partnerships among workforce, education, human services, and economic development entities to ensure optimum results and leveraging of resources. The law addresses the needs of job seekers by establishing a workforce system that helps them access employment, education, training, and support services to succeed in the labor market. Through the American Job Centers (AJCs), WIOA works to address employer needs by matching them to the skilled workers they need to compete in the global economy. The *Quality Jobs, Equity, Strategy, and Training (QUEST) Disaster Recovery Dislocated Worker Grant (DWG)* policy fits within WIOA's framework by connecting workers dislocated by the pandemic to a robust and efficient workforce system.

DISASTER RECOVERY DISLOCATED WORKER GRANTS

Dislocated Worker Grants (DWG) are discretionary grants awarded by the Secretary of the United States Department of Labor (USDOL) under Section 170 of WIOA to provide employment-related services for dislocated workers. Specifically, Disaster Recovery DWGs provide disaster-relief and humanitarian assistance employment, as well as employment and training services, to minimize the employment and economic impact of declared disasters and emergency situations.

Recognizing the immense impact of COVID-19, on March 13, 2020, the White House declared the pandemic to be a national emergency, allowing USDOL to make DWGs available to fund disaster relief efforts and support workers dislocated by the pandemic. While President Biden declared an end to the Federal Public Health Emergency related to COVID-19 on May 12, 2023, USDOL recognizes that the impacts of COVID-19 have persisted throughout the economy and has continued to allow DWGs to support pandemic recovery efforts.

QUEST DWG

On May 5, 2023, USDOL Employment and Training Administration (ETA) released Training and Employment Guidance Letter (TEGL) 2-22, Change 2 “*2023 QUEST Disaster Recovery National Dislocated Worker Grants Funding Announcement*,”¹ to share the availability of up to \$5 million to support workers impacted by the pandemic. Specifically, USDOL intends for the funds to support those who were previously incarcerated, and individuals impacted by supply chain disruptions who would traditionally be eligible for Trade Adjustment Assistance (TAA)² program services, among others.

QUEST DWG funds are eligible to support workers in the following industries:

1. Infrastructure;
2. Care Economy;
3. Hospitality;

¹ TEGL 2-22, Change 2 can be found here: <https://www.dol.gov/agencies/eta/advisories/tegl-02-22-change-2>.

² At the time of this policy issuance, the TAA program remains unauthorized by Congress. Therefore, individuals that would traditionally be able to access TAA Program services are unable to do so.

4. Climate and Environment; and,
5. Other industries or sectors relevant to a grantee's local economy.

Additionally, the following individuals are eligible to receive services through QUEST DWG programming:

1. Individuals temporarily or permanently laid off as a consequence of the pandemic;
2. Individuals who are long-term unemployed;
3. Dislocated workers; and,
4. Self-employed individuals who became unemployed or significantly underemployed due to the pandemic.

MARYLAND'S QUEST DWG

AWARD DETAILS

On September 14, 2023, USDOL ETA awarded MD Labor \$3,925,026 for a three-year grant period, spanning October 1, 2023 – September 30, 2026. Maryland uses these funds to support two projects:

1. Project 1: Western Maryland (which consists of Allegany, Garrett, and Washington Counties) provides TAA-like services to workers impacted by dislocations within their Local Workforce Development Area (Local Area); and,
2. Project 2: Anne Arundel County, Baltimore City, and Montgomery County provides dislocated worker services to individuals recently released from incarceration.

As part of the QUEST DWG project, MD Labor defines certain individuals recently released from incarceration as “dislocated workers.” More detailed information on this definition can be found in the “Project #2: Supporting Dislocated Workers Who Experienced Incarceration” section below.

REQUIRED GRANT ACTIVITIES

MD Labor requires that all subawardees commit to executing the following grant activities:

1. *Employment and training activities:* Subawardees must provide career training and supportive services that enable program participants to gain the skills and experience necessary to access quality jobs;
2. *Develop or expand strategic partnerships:* Subawardees must build partnerships that enable the project to most effectively and comprehensively develop or strengthen an economy built on equity, job quality, sustainability, and shared prosperity;
3. *Community and participant outreach:* Subawardees must ensure that eligible participants know about and can participate and succeed in the grant’s services; and,
4. *Business engagement:* Subawardees must ensure that they are connecting businesses to qualified jobseekers.

Through both projects, MD Labor anticipates serving, at minimum, 340 dislocated workers during the grant period.

PROJECT # 1: WESTERN MARYLAND

As part of Maryland’s QUEST DWG project, Western Maryland supports workers unemployed for 27 or more weeks, as well as dislocated workers impacted by layoffs in Allegany, Garrett, and Washington Counties who would traditionally be served under TAA petitions.³ Specifically, Western Maryland provides employment and training services in the following industries:

1. Care economy;
2. Information Technology;
3. Automotive; and
4. Any other local economic needs that develop during the grant period.

³ As of this policy issuance, funding for TAA has not been re-appropriated. Therefore, Project #1 is meant to, at least temporarily, deliver resources during this gap in services.

To be considered a dislocated worker for the purposes of this project, individuals must have worked for an employer based in Western Maryland and have experienced a layoff that MD Labor identifies as meeting the definition for TAA programming.

Stakeholder Roles and Responsibilities

The following table documents a non-exhaustive list of roles and responsibilities for potential partners included in the project. Additional partners and/or responsibilities may be included as needs arise during project implementation.

Partner	Grant Activity	Responsibility
Western Maryland Local Area	● Employment and Training Activities ● Expanded TAA services eligible under QUEST DWG ● Partnership Development ● Outreach ● Business Engagement ● Data collection ● Timely reporting	● Provide employment and training services through the relevant American Job Centers ● Work with MD Labor to maintain up-to-date information regarding layoff events in the Local Area ● Work with subgrantees and/or partners such as community colleges, Community Action Agencies, training providers, etc. to provide relevant services ● Work with partners to identify businesses and local employers interesting in hiring program participants ● Submit timely quarterly reports to MD Labor on required data elements ● Enroll participants in MWE
MD Labor's Dislocated Services Unit	● Outreach ● Communicate with Local Area staff about ongoing TAA efforts	● Deliver Rapid Response services, as needed, in coordination with Western Maryland Consortium
Western Maryland Consortium Business Engagement Committee	● Business Engagement	● Work with local employers to identify workforce needs and establish career pathways to meet local demands

PROJECT # 2: SUPPORTING DISLOCATED WORKERS WHO HAVE EXPERIENCED INCARCERATION

Through QUEST DWG, MD Labor supports individuals (ages 16 and over)⁴ who have experienced a period of incarceration⁵ that reside in Anne Arundel County, Baltimore City, and Montgomery County with dislocated worker services.

In order to qualify for QUEST, an individual must have experienced a period of incarceration, meet the definition of a dislocated worker, and be unemployed or under-employed at the time of program enrollment. MD Labor defines under-employed as:

1. Individuals employed less than full-time who are seeking full-time employment;
2. Individuals who are employed in a position that is inadequate with respect to their skills and training;
3. Individuals who are employed and who meet the definition of a low-income individual in WIOA sec. 3(36); and,
4. Individuals who are employed, but whose current earnings are significantly below their previous job's earnings.

MD Labor, with guidance from USDOL, considers individuals that participated in work-related programs while incarcerated, such as Maryland Correctional Enterprises,⁶ training programs offering stipends, and work release, as under-employed under the above definition.

Stakeholder Roles and Responsibilities

The following table documents a non-exhaustive list of roles and responsibilities for potential partners included in the project. Additional partners and/or responsibilities may be included as needs arise during project implementation.

Partner	Grant Activity	Responsibility
Local Areas	• Employment and training activities • Partnership development • Outreach • Business engagement • Data collection • Timely reporting	• Provide employment and training services through the relevant American Job Centers • Provide supportive services through the relevant American Job Center or community partner • Work with MD Labor to utilize Reentry Navigators to strategically engage individuals who were recently released from incarceration, as well as provide outreach to businesses

⁴ Individuals aged 16-17 must meet the exemptions to Md. Code, Educ. § [7-301](#), Maryland's Compulsory Education Law.

⁵ MD Labor defines an incarcerated individual as someone who is/was incarcerated in a Department of Public Safety and Correctional Services (DPSCS) facility, a private facility under contract with DPSCS, a federal facility, a jail/local detention center, or a juvenile facility.

⁶ Maryland Correctional Enterprises provides structured work programming for incarcerated individuals. Participants in Maryland Correctional Enterprises programming receive a stipend.

		• Work with subgrantees and/or partners such as community colleges, community action agencies, training providers, etc. to provide relevant services • Work with partners to identify businesses and local employers interested in hiring program participants • Submit timely quarterly reports to MD Labor on required data elements
MD Labor's Reentry Navigators	• Outreach to returning citizens and businesses • Employment and Training Activities	• Deliver services as needed or requested by Local Areas, within the role of the Navigator

REPORTING, MONITORING AND RECORD RETENTION

REPORTING

MD Labor requires QUEST DWG subawardees to submit quarterly program and fiscal reports. Reports are due on the 15th of the quarter following reported activity. All reports should be sent via email to Heather Evans at heather.evans1@maryland.gov, Alex Sackey-Ansah at alex.sackey-ansah1@maryland.gov and Todd O'Banner at todd.obanner1@maryland.gov. Funds are disbursed on a reimbursement basis based on the amount included on the quarterly invoice. The invoice must match the net amount on the quarterly fiscal report in order to be processed. Examples of the reports can be found in *Attachment A – Sample Quarterly Program Report* and *Attachment B – Sample Quarterly Fiscal Report and Invoice*.

MARYLAND WORKFORCE EXCHANGE

MD Labor requires subawardees to enroll all participants in the Maryland Workforce Exchange (MWE) in a timely manner. If participants do not self-enroll, subawardees must enroll the participant into the MWE. Subawardees are responsible for tracking performance indicators, outcomes, and collecting source documents to validate data on all participants served, including:

1. All services provided;
2. Completion of services;
3. Job placement, job retention, and earnings; and,
4. Participant identification verification documents.

Subawardees must also collect the following participant demographic information:

1. Age;
2. Race;
3. Gender;
4. Education Level;
5. Driver's License; and,
6. Veteran Status.

The performance indicators for the project are as follows:

1. Employment Rate – Second Quarter after exit;
2. Employment Rate – Fourth Quarter after exit;
3. Median Earnings;
4. Credential rate;
5. Measurable Skill Gains; and,
6. Effectiveness in Serving Employers (retention)

To comply with regulatory reporting requirements and to determine the success of the project, subawardees must ensure that the following data is reported into the MWE System:

1. Participant characteristics;
2. Participant services received; and,
3. Participant outcomes.

Subawardees must ensure that data is entered into the MWE within 14 calendar days of activity and that all participants are fully enrolled in the MWE System.

MD Labor will provide technical guidance to subawardees related to data collection, required supporting documentation, and reporting during the term of the grant. If any subawardee experiences difficulty with data reporting, they must contact MD Labor Grant Manager Heather Evans at heather.evans1@maryland.gov. For issues with enrolling in the MWE, subawardees and/or participants should contact the MWE Help Desk at WeHelp@dlr.state.md.us or 410-767-2100 for support. Lastly, subawardees can refer to **Attachment C – QUEST DWG MWE Module** for more information.

MONITORING

The State acknowledges that USDOL may conduct fiscal and/or programmatic monitoring of the QUEST DWG. Therefore, MD Labor may conduct fiscal and programmatic monitoring of the project to ensure that subawardees are following policies and meeting expectations, including nondiscrimination and equal opportunity provisions. Monitoring may include desk and/or on-site monitoring. Failure of MD Labor to supervise, evaluate, or to provide guidance and direction shall not relieve the grantee of any liability to comply with the terms of the grant or award agreement.⁷

RECORD RETENTION

Maryland requires participating programs to retain grant fiscal records for at least three years after grant closeout. If any litigation, claim, or audit is started before the expiration of the five-year period, the records must be retained until five years after all litigation, claims, or audit findings involving the records have been resolved and final action has been taken.

All records, both electronic and physical, must be maintained in accordance with DWDAL's policy concerning privacy and data security.⁸ Personal Identifiable Information (PII) is participant-level and employee data that either by itself or combined with other data can link to a specific individual or identity.

When emailing documents containing PII, all grantees and MD Labor staff must use password-protection, encryption-preferred, strong authentication procedures, or other security controls to make the information unusable by unauthorized individuals. Physical records must be kept in locked offices or file rooms. If the file room is shared with other programs, and/or staff other than staff authorized for this program have access to that room, then the files must be maintained in locked cabinets.

⁷ DWDAL's Policy Issuance on monitoring can be found here: <http://www.labor.maryland.gov/employment/mpi/>.

⁸ DWDAL's Policy Issuance on privacy and data security can be found here:
<http://www.labor.maryland.gov/employment/mpi/>.

FAIR PRACTICES AND ACCESSIBILITY

It is MD Labor's policy that all persons have equal opportunity and access to services and facilities without regard to race, religion, color, sex (including pregnancy, childbirth and related medical conditions, transgender status, gender identity), marital status, genetic information, age, national origin or ancestry (including Limited English Proficiency), disability, veteran status or political affiliation or belief. Subawardees working with participants in need of accommodations are responsible for securing the necessary support. Subawardees may refer to MD Labor's Nondiscrimination Plan⁹ and Language Access Plan¹⁰ for more information on accommodations and services.

For the Future...

- Remember to list the Actual Start Date for your customer's activity(s) after you verify they have started
 - Remember to update and/or close your activities. Do not let the system close an activity for you. Good case managers keep track of when services actually end!
 - List any Credential received, if available, after closing a training activity. The credential will be entered under Create Credential.
-
